Start with three pieces of Whisper White card stock: 8 1/2" x 11", 4 1/4" x 11", and 2 3/4" x 11".

Score the 4 1/4" x 11" at 5 1/2" to form the base card. Set aside.

Score the 2 3/4" x 11" at 2 3/4", 5 1/2", and 8 1/4". Accordion fold and set aside.

Lay the 8 1/2" x 11" on the Simply Scored with the 8 1/2" across the top. Score lightly at 2 1/8", 4 1/4" and 6 3/8". (I added the pencil lines to make it easier to see on the photos - you may want to do that to make it easier at first. After making a couple, you probably won't need it either.)

- Notice how I made my Post-it note the same layout so I could easily see which way the paper goes - and where to score.

Turn the paper so the 11" is across the top. Score lightly at 4 1/4", 5 1/2", and 6 3/8".

Mark at 4" on the left side at 2 places.

Fold the card stock in half like this and connect the 4" dot with the top line.

Cut.

See how the middle parts can pop up a bit?

(First, flip your card over so you don't see the lines anymore. Then fold these in to meet and close the card like this.)

Open up again. Take the right side which sticks out and bring it in to line up with the center fold line on the bottom. Press down with bone folder.

Repeat with left side.

Close up to look like this.

Add Tape & Tear Adhesive to bottom of the part that sticks out on the left and to the top of the part that sticks out on the right.

Attach the accordian folded card stock - first at one end and then repeat on the other side so equal amounts stick out. The third photo shows the end result - see how connecting the two different parts makes it fold up?

Decorate!
