Supplies:

To make the box cover, score the 11" x 6-1/2" cardstock at 5" and 6".

Attach the Designer Series Paper one section at a time, folding at a right angle as you go so that the papers lie flat together.

Score the 5-1/2" x 2" cardstock at 3" and 4" and add the Designer Series Paper the same way as above.

Attach the small end of this flap in the inside of the box cover like this.

Add the box itself.

Add a tab of 1" x 4-1/4" to the front of the box so the flap can slide under to close .... or use magnets or velcro!

**Box from 8" x 6-1/2" cardstock.**

Score at 1" on all four sides. Add adhesive just to those corners.

Fold up the box.

### ***Box from 10" x 8-1/2" cardstock***

Score at 1" and 2" along all four sides. Cut out three of the squares at each corner as shown in the photo.

Trim the remaining corner squares to a V shape to make the box close up better. Add adhesive as shown.

Close up the box. This box has double thickness on the sides so its sturdier than the first box.

This quick cards are made with 3" x 4" pieces of Designer Series Papers and 3-1/4" x 4-1/4" pieces of cardstock.

Cut both at an angle, layer together and add to your card fronts!
