1. Start with sponging Chocolate Chip Ink across the Hexagons Dynamic Textured Impressions Embossing Folder. Use the inside back of the folder that has “Stampin’ Up!” on it.
2. Next, run a piece of 5" x 3 3/4" of Delightful Dijon through the Stampin' Cut & Emboss Machine with that folder. Notice how the ink has added the lines around the hexagons.
3. Cut out the honeycomb any way you want to – you will have enough to make two cards with this one piece.
4. Add bee using a dimensional.
