Stamping on the Back Porch

 karentitus.com

 stampingonthebackporch@gmail.com

To make these, I used three sizes of the Lots of Labels Framelits – starting with with second to the largest and then the two sizes right under that.

Cut out two of the largest size for the sides of the box.

From the next size, cut two DSP for the sides of the box and then as many tag backs as you want.

The last size is for the DSP for each of the tags.

To finish the tags, punch a hole and tie with the 1/8" Striped Ribbon.

For the box, cut a 4 1/4" square piece of card stock, score at 1" on all four sides, and cut at the four corners like this. Add some adhesive and the box will fold right up!
