

Impossible Card

Project Sheet

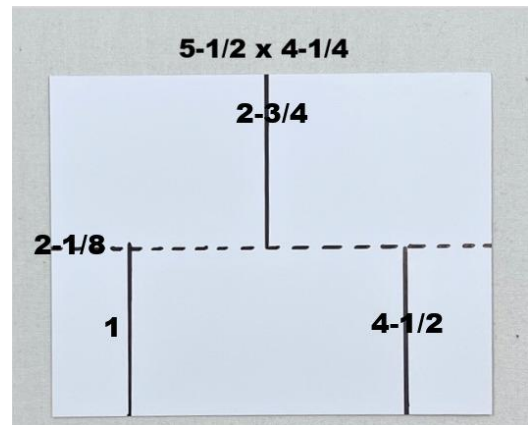

Measurements:

Score the base card (the 4-1/4" x 5-1/2" piece of cardstock) @ 2-1/8" along the short side.

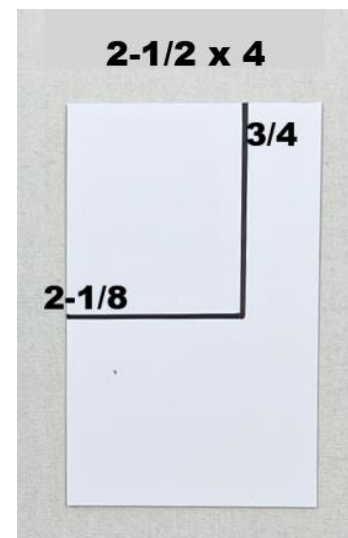

Cut @ 2-3/4" from the top of the card to the fold line.

Cut @ 1" and 4-1/2" from the bottom of the card to the fold line.

Stack the two 2-1/2" x 4" pieces of Designer Series Paper, one right on top of the other, before cutting.

Cut in 3/4" from the top right corner down 2-1/8". Cut that part off.

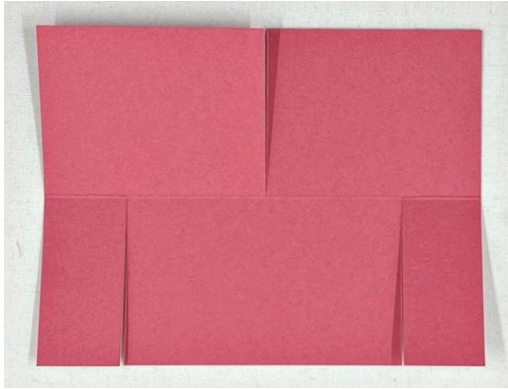

Stamping on the Back Porch

This is how your base card will look.

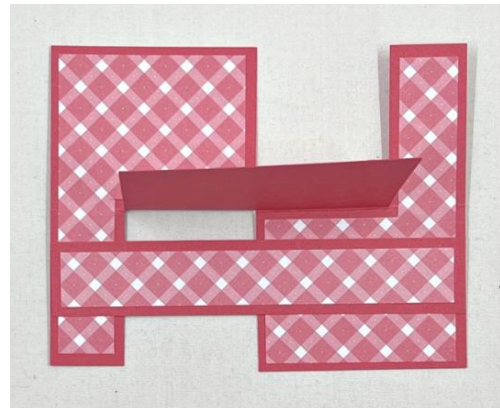

Now, twist the card so that it looks like this. (Watching the video below will help you with that.)

Add the Designer Series Paper pieces that you have cut out.

Add the long strip of Designer Series Paper on the long strip coordinating with the card base and attach the ends to the base card like this.

This will give the card more stability.
