

# Fence Cards/Lattice Split Cards

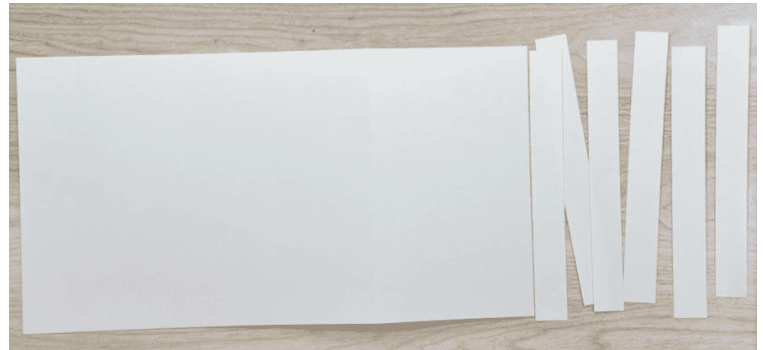

## Project Sheet

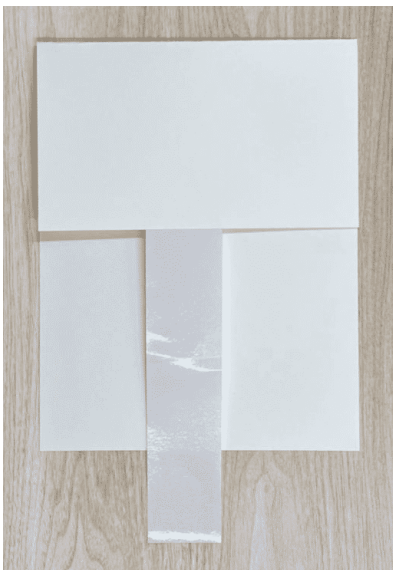

Start with an 11" x 4-1/4" piece of Thick Basic White cardstock, scored @ 5-1/2" and folded.

Cut six 1/2" strips off from the bottom of the card front like this.

Attach masking tape (or washi tape or sticky notes) to the underside of the card front with the sticky side up.

Set two of the paper strips aside.

Lay one of the four strips across the bottom of the card front, lining it up along the bottom edge.

Add the other three strips, leaving spaces in between.

Add small drops of glue along the two sides of the card for the fence posts.

Add the fence posts and let the card dry. Then carefully removed the masking tape and trim the edges of the posts.
