Gatefold Cards Vol 2 Online Class – Session 2

Triple Gatefold Panel Card

The circle piece overlaps the three panels just a bit and helps keep the card closed.

(This card uses the Butterfly Kisses Designer Series Paper and Fresh Freesia cardstock.)

Supplies:

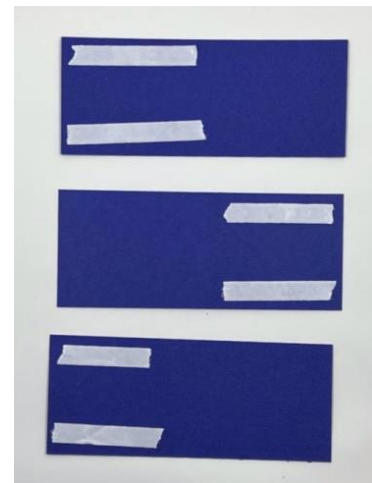

Stamping on the Back Porch * Karen Titus

1. Score the 8-1/2" x 5-1/2" piece of cardstock @ 2-1/8" from each side.

2. Add the strips of Designer Series Paper to the strips of cardstock.

3. Add adhesive to half of the backs like this. >>

4. Attach two of the strips to the top and bottom of the left side of the card front first, leaving a 1/4" space around the edges.

5. Attach the middle one to the right side.

6. Add the circle to the center strip so that it overlaps just a bit on both the top and bottom strips.

Triple Gatefold Panel Card Version 2

This version creates a snug fit all on its own.

Note that we are using a 12" piece of cardstock for this card for easy measurements.

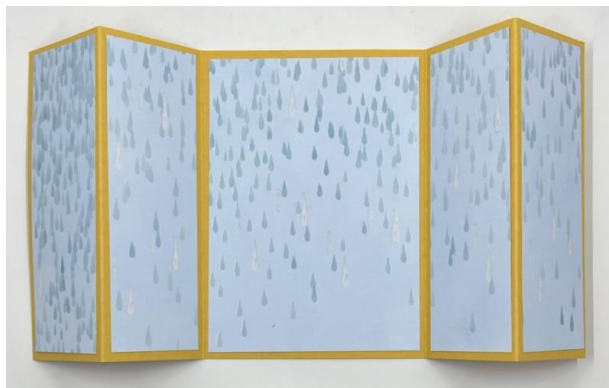

(This card uses the Rain or Shine Specialty Designer Series Paper with Balmy Blue and Mango Melody cardstock.)

Supplies:

1. Score the card base @ 2", 4", 8" and 10" and fold.

2. Add the Designer Series Paper pieces.

3. For the card front, cut the 3-3/4" x 4-1/2" piece of Designer Series Paper into three 1-1/2" strips.

4. Attach these to the 4" x 5-1/2" piece of cardstock. Start with the top and bottom pieces first leaving a 1/4" space around the edges. Add the middle piece.

5. Cut the cardstock between the strips to make three panels for the card front.

6. Add adhesive on the back of each piece just as you did in the card above.

7. Attach the top panel to the left side of the card front, lining it up along the top and side edges.

8. Repeat with the bottom panel.

9. Add the middle panel just to the right side of the card front. This will make a snug fit. Decorate.
