

Quick Pocket Cards

Project Sheet

Measurements:

The long strip of Designer Series Paper is folded in half and layered on the 3-1/4" x 4-1/4" piece of cardstock to form the little card.

Cut each of the square pieces from corner to the opposite corner like this. >>

Layer one of the Designer Series Paper triangles onto one of the white triangles and add to the card front, using adhesive only along the outside edges so it forms a pocket.

Tuck in the little card and you are finished.
