

Angled Strip Card Project Sheet

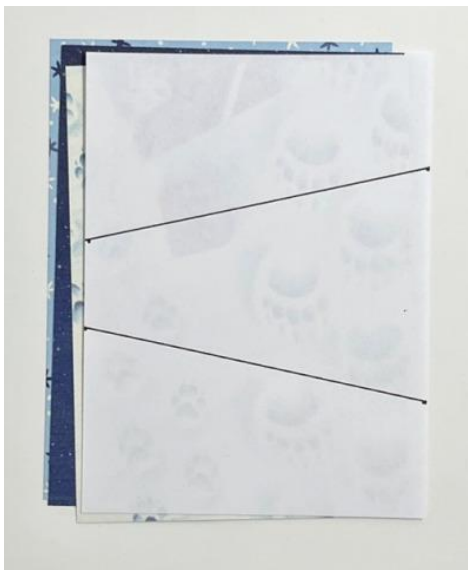

Template:

1. Stack the three papers on top of each other.

2. Slice along the cutting lines, cutting all three pieces together.

3. Shuffle the pieces so you have three different strips on each 4 " x $5\frac{1}{4}$ " piece of cardstock.

TIPS:

Use an old scissors to rough up the edges if desired. Add to your base card and decorate.

If you are using 6" x 6" inch Designer Series Paper, stack the papers the same way.

Cut along the 3-3/4" line all the way down. Then use the leftover piece on the right side to cover your envelope flap.

Notice that the template only covers this part:
