

## Wobble Cards Project Sheet

Wobble cards are an easy way to create cute interactive cards for kids of all ages. Just attach a wobble to any cut out image to make it move.

Use these card ideas for inspiration:

How fun is this card with a space theme? Both the astronaut and the planet have wobbles attached so they move!

Each of the ghosts has a wobble attached.

This happy hippo dancing in the sunlight in the middle of the woods looks as happy as can be!

How about this adorable monkey that really swings!

Birthday cards that move – the cupcake has the wobble attached.
