

Easiest DIY Bird Card Project Sheet

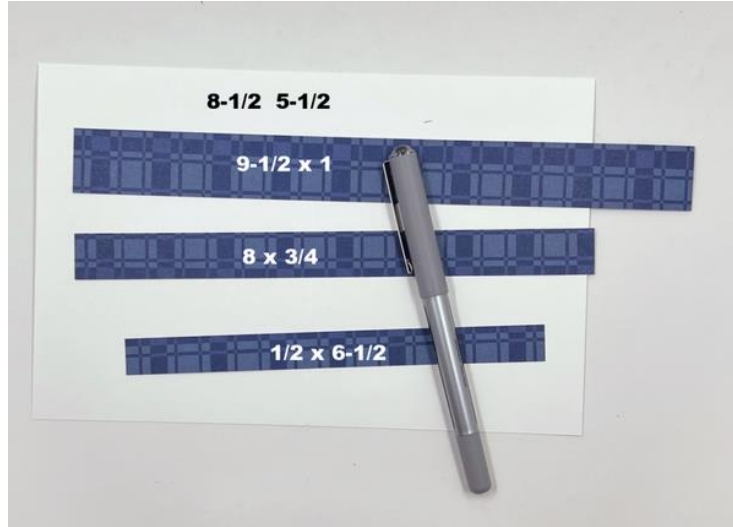

Stamping on the Back Porch

 karentitus.com  stampingonthebackporch@gmail.com

Supplies:

My favorite widths to use are $\frac{1}{2}$ " , $\frac{3}{4}$ " or 1".

Make a half fold with the strip of paper.

Draw a line and then cut along the paper to make the head.

Cut the tail feathers like this.

You can slip another piece of paper with the same cut to make the bird feathers fuller.
